

Subject	Notes on information that can be obtained	Source
Passenger Timetable	Covers all regular scheduled passenger services, usually includes through carriages from/to other railways and dining car workings. NERA Facsimile:	NRM; TNA; KHSC. NERA Facsimiles
Working Timetable (WTT)	Incorporates all regular passenger and goods workings. Various dates have been produced as NERA Facsimiles Note: mineral traffic was worked on an 'as required' basis governed by local control offices, so few paper timetables exist; however a 1927 mineral train timetable for the Newcastle District has been reproduced.	NRM; TNA; KHSC NERA Facsimiles
Appendix to the WTT	Lists general and local operating procedures and restrictions, c1873 – 1979. Local operating procedures were separated and reproduced as a book after c1922. The LNER called these general and sectional appendices and recombined them as a single book in the 1931 and 1947 editions. Supplements to the appendix were also issued to capture alterations.	NRM; TNA; KHSC NERA Facsimiles
Rule Books	Rules to be followed by railway staff. Issued c1840 onwards	NRM; TNA; KHSC
Pilot & Shunting Engine Working	Issued for major centres – lists regular pilot and shunting duties	NERA Archive NERA Facsimiles
Engine Working Rosters	Lists engine workings on a shed by shed basis and the duties performed by the engine and crew. Separate booklets were issued for passenger and goods rosters. 1900 – 39	TNA (for 1900-39); KHSC (odd copies)
Carriage Rosters	List the formations of all timetabled passenger and parcels services. (LNER & BR issues split into East Coast and NE area books) Various dates have been produced as facsimile copies	TNA & KHSC NERA Facsimiles
Special Traffic Notices (STN)	Lists all extra trains to normal timetable (i.e. excursions) and additional carriages on timetabled services.	NERA Archive
Station Working Books	Issued for major stations and applies to passenger train workings – lists trains calling and which platform was used. York, Summer 1953	KHSC (for 1939 issues) NERA Facsimiles
Operating Instructions	General Superintendent's circulars detailing local operating procedures and alterations at level crossings, ground frames and signal cabins, c1900-50.	NERA Archive
Road Van Book	Details workings of Road Vans in pick-up goods trains.	TNA
Loads of Engines	Gives tables of loads allowed to be taken by classes of engine over each line. Passenger and freight booklets.	KHSC
